CERTIFICATE

34. Interlaboratory Comparison Distribution 2 / 2018

The above named laboratory has participated in the second of two distributions of the Quality Control Scheme for Spermatology

Results:

Concentration: (1) **passed**
Morphology: (1) **passed**
Motility: (1) **passed**

**progressive motility*

Legend

1 = both samples within target window
2 = one sample within target window
3 or 4 = no sample on target
(systematic or non-systematic error)
0 = no analysis

For validation of participation, two cycles of the QuaDeGA program must be undertaken within one year. Accreditation certificates will be issued to participants who obtained a ranking 1 in all parameter.

Methods and details are available online: <https://evaluation.quadega.de>

This trial is based on the guidelines of the German Federal Medical Association (RiliBÄK „Semen-Analysis“).

Director, Interlaboratory Comparison: Univ.Prof.em.Dr. med.Dr.h.c. E. Nieschlag

QuaDeGA has been appointed as Reference Institution for Semen Analysis by the German Federal Medical Board (Bundesärztekammer).

Expiration Date: November 2019.
